

## POSITIVE TECHNOLOGY SOLUTIONS FOR EDUCATION

ATP can help students who need the support of assistive technology in the areas of reading, test taking, writing, typing, math, organization, communication, and more.

## **EDUCATIONAL SERVICES**

- Training on a wide range of assistive technology devices and their use in the classroom
- Consultations to help identify appropriate assistive technology solutions
- Technical support via phone or on-site
- Coordination to provide information on available funding sources
- Equipment loans and demonstrations

## **CONTACT THE PARTNERSHIP**

Call us or visit us Online if you have specific questions regarding requests for training, technical support, etc., or to find an education specialist in your area.
